---

## **Professional Summary**

Front-end developer focused on building responsive, accessible, and user-friendly web interfaces using modern HTML, CSS, and JavaScript. Strong interest in performance, clean code, and creating smooth user experiences across devices. Currently pursuing a B.Tech in Computer Science and Engineering and actively improving core web development and computer science fundamentals.

---

## **Education**

### **Bachelor of Technology (B.Tech), Computer Science and Engineering**

Central University of Jammu, Jammu, India

Expected Graduation: 2029

---

## **Technical Skills**

- **Frontend:** HTML, CSS, JavaScript
  - **Version Control:** Git, GitHub
  - **Programming:** Python, C (academic familiarity)
  - **Tools & Platforms:** VS Code, GitHub Codespaces, WordPress basics
  - **Areas of Interest:** Front-end development, full-stack development, data structures and algorithms, AI/ML fundamentals.
- 

## **Experience**

## Front-End Development (Academic & Self-Learning)

Freelance / Student | 2025 – Present

- Build small to medium web interfaces while practicing semantic HTML, responsive layouts, and CSS styling.
  - Implement interactive behavior with vanilla JavaScript, focusing on DOM manipulation and basic event handling.
  - Use Git and GitHub for version control, code backup, and publishing static sites (e.g., GitHub Pages).
  - Follow online courses, documentation, and coding exercises to strengthen problem-solving and DSA foundations in Python and other languages.
- 

## Certifications & Learning

- Google Cloud Skills Boost labs and quests (hands-on exposure to cloud fundamentals and services).
  - Online courses in front-end development and DSA using Python (MOOCs, YouTube, and platform-based learning).
- 

## Academic Highlights

- Coursework in core computer science subjects such as programming fundamentals, basic data structures, and introductory algorithms.
  - Regularly practice coding problems and small web components to sharpen logic and front-end implementation skills.
- 

## Additional Information

- Location: Jammu, Jammu & Kashmir, India
- Languages: English, Hindi
- Interests: Web development, AI/ML, Data Analytics, startup and product-building, technical presentations.
